

Call for Participation

# ASP-DAC 2016

21<sup>st</sup> Asia and South Pacific Design Automation Conference

**Date: January 25-28, 2016**

**Place: Holiday Inn Macao Cotai Central, Macao SAR, China**

## Features of ASP-DAC 2016

### Keynote Speeches

World-class keynote speakers will be invited to talk about the design, application and fabrication of state-of-the-art silicon chips in the world.

### Tutorials

Participants can choose two 3-hour tutorials, which are related to VLSI design and design automation areas.

### Student Research Forum

The Student Research Forum offers both Ph.D. and M.S. students great opportunity to present and discuss their research with experts in system design and design automation community. The forum is open to all students of the relevant research community and is free-of-charge.

Submission Deadline: October 31, 2015  
Notification Date: November 21, 2015  
Poster Session: January 26, 2016

### University LSI Design Contest

12 papers were selected from 15 submissions.

### Technical Sessions

24 technical sessions will be organized. 94 high quality papers were selected from 274 submissions from 27 countries.

## Sponsors:

ACM SIGDA, IEEE CASS, IEEE CEDA,  
IEEE Macau Section, CAS/COM Joint Chapter  
Supported by: IEICE ESS

## Conference Secretariat

E-mail: asp-dac2016@moxlink.com  
Tel: +853 2871 2020  
Fax: +853 2872 1046

Add: Av. Marciano Baptista No26-54B Centro Comercial Chong Fok,3/B Macau  
Office Hour: Monday- Friday: 9:30am - 6:00pm GMT +8

**ASIA SOUTH PACIFIC  
DAC DESIGN  
AUTOMATION  
CONFERENCE**

## Aims of the Conference

ASP-DAC 2016 is the twenty-first annual international conference on VLSI design automation in Asia and South Pacific region, one of the most active regions of design and fabrication of silicon chips in the world. The conference aims at providing the Asian and South Pacific CAD/DA and Design community with opportunities of presenting recent advances and with forums for future directions in technologies related to Electronic Design Automation (EDA).

**Please do not miss ASP-DAC 2016!**

For more detail information,  
the Advanced Programme will be announced on ASP-DAC  
website around November, 2015.
